Executive Summary

Light Brands is seeking a **$10,000,000 senior secured bridge loan** to fund the acquisition and buildout of a fully-improved luxury wellness property in Akumal, Tulum, Mexico. The Property, known as Rancho Paraiso Oasis, is publicly listed on Christie's International Real Estate Mexico at **USD $11,900,000**. Over **$25,000,000** of prior construction capital has been deployed into land, improvements, and infrastructure, which remains embedded in the asset as a replacement-cost backstop.

The structure is a clean, single-jurisdiction senior secured bridge with a **14-day target close** from signed LOI. **Sponsor-side due diligence on the Property is complete.** Title, trust structure, permits, and physical condition have been verified directly with the current owner. The Property is already held in an existing Mexican real estate trust (Fideicomiso); the sponsor acquires the fideicomisario beneficial interest at closing via assignment at the same trustee bank. No new Fideicomiso formation is required, which removes the multi-week trust formation and SRE permitting workstream from the critical path. First-priority lien on the existing Fideicomiso's direct title. New York law governs the Loan Agreement; Mexican law governs the Fideicomiso and enforcement. No US or Delaware entity in the structure.

This is a senior secured position in a hard-asset bridge with a short duration, a clean exit path, an immediate-close timeline, and a defensible market-value anchor validated by two independent Christie's International Real Estate listings at the same price point.

Commercial Terms

Term	Value
Principal	USD $10,000,000
Interest Rate	9.00% per annum, simple, 30/360
Term	36 months
Payment Structure	Interest-only, quarterly in arrears
Quarterly Payment	USD $225,000
Repayment	Bullet at maturity (principal repaid in full at month 36)
Total Interest Over Term	USD $2,700,000
Total Cash Returned to Lender	USD $12,700,000 (27% gross over 36 months)

Commitment Fee	None
Exit Fee	None
Prepayment	Open at any time. 6-month makewhole during months 1-6 (guarantees lender minimum $450,000 in interest), then open at par thereafter. 30 days' notice.
Default Interest	Note rate plus 4.00% per annum
Borrower	Existing Mexican real estate trust (Fideicomiso) already holding title to the Property. Sponsor acquires the fideicomisario beneficial interest at closing via assignment. No new trust formation required.
Governing Law	Loan Agreement under New York law; Fideicomiso and lien enforcement under Mexican law
Target Closing	**14 days from signed LOI**

The Property

Name: Rancho Paraiso Oasis (to be repositioned as the Transformational Epicenter) **Address:** Calle Perico Lts 79-80, Av Las Palmas, Akumal, Tulum, Q.R. 77776, Mexico **Land area:** 45,000 m² across 9 contiguous lots (approximately 11 acres) **Improvements:** Main house, guest houses, 16 bedrooms, cenote-fed pool, underground cavern lounge, spa, gym, walled compound, staff infrastructure, full utilities and roads **Use profile:** Luxury wellness compound, configurable for private estate, boutique hotel, or retreat operations **Prior capital deployed:** Over USD $25,000,000 into land, construction, and soft costs

The Property is located in the Akumal corridor of the Riviera Maya, 30 minutes north of Tulum center and 45 minutes south of the new Tulum International Airport. It sits in one of the most established luxury hospitality markets in Mexico, with direct exposure to the Tulum-Akumal wellness tourism demand curve.

Current public listing: The Property is actively listed for sale on Christie's International Real Estate Mexico (ID 047661), JamesEdition, Properstar, and Riviera Maya Real Estate Group at USD $11,900,000. The listing serves as the market-value anchor for this financing.

Market Value Validation

The $11.9M market value is independently validated by **two Christie's International Real Estate Mexico listings at the same price point**:

Comparable	Asking	Bedrooms	Source
Rancho Paraiso Oasis (subject)	$11,900,000	16	Christie's
Casa Luna (Region 15, Tulum)	$11,900,000	12-13	Christie's Mexico

Casa Luna is a 13-bedroom, 19-bath luxury villa in Tulum Region 15 with a comparable amenity stack (pool, multiple jacuzzis, gym, cold plunge, steam room, yoga room, club). It is smaller on both land and bedroom count than the subject. The convergence of two Christie's Mexico luxury listings at exactly $11,900,000 represents a tight and defensible market anchor. A formal third-party appraisal ("avalúo comercial") can be commissioned during diligence.

Full comparable sales research and valuation methodology is available in the data room under NDA.

Collateral and Security

Primary Collateral

- First-priority lien on the Fideicomiso's direct title to the Property
- Full rights, title, and interests in the Property, improvements, fixtures, and appurtenant rights

Additional Security

- Pledge of the fideicomisario beneficial interest in the Fideicomiso
- Assignment of all insurance policies and proceeds, with Lender as loss payee
- Assignment of material construction contracts, architectural plans, and permits
- Control agreement over all operating accounts holding Project cash flows
- Optional corporate or personal guarantees, subject to lender preference

Lender Protections

- Step-in rights upon event of default
- Full foreclosure pathway mapped under Mexican fideicomiso enforcement procedure
- Loan Agreement governed by New York law for international lender comfort; Mexican law governs the Fideicomiso and enforcement
- Trust assets segregated from any sponsor operating estate (bankruptcy-remote Fideicomiso structure)
- Customary affirmative and negative covenants
- Events-of-default package with 30-day cure periods on covenant breaches
- Default interest rate of note rate plus 4.00% per annum

Loan-to-Value Math

Metric	Amount
Market Value (Christie's public listing, validated by Casa Luna comp)	$11,900,000
Requested Loan	$10,000,000
Loan-to-Value	**84%**
Equity Cushion (to lender)	$1,900,000 (16%)
Prior Construction Capital (replacement-cost backstop)	$25,000,000+

The $11.9M market value is anchored to the Christie's public listing and independently validated by the Casa Luna comparable at the same price point. The $25,000,000+ of prior construction capital embedded in the asset (main house, guest house, cenote pool, cavern lounge, spa, gym, 16 bedrooms, full infrastructure) is retained as a replacement-cost backstop sitting beneath the market value. Third-party appraisal and formal broker opinions of value available on engagement.

Use of Proceeds

Line Item	Allocation
Property acquisition	$8,000,000

Buildout, repositioning, and operational launch capital	$1,750,000
Closing costs, legal, and transaction expenses (capped)	$250,000
Total	**$10,000,000**

No proceeds may be distributed to equity holders, affiliates, or used to repay subordinated debt without Lender consent.

Sponsor Overview

Light Brands is a US-based operating platform building a portfolio of AI-native wellness, hospitality, and community real estate projects. The Transformational Epicenter is the group's luxury wellness flagship, designed as a multi-modality healing compound with boutique hotel operations, programmed retreats, and member community.

The deal team has direct experience structuring cross-border transactions, Mexican real estate trust formations, and institutional lender relationships. Transaction execution will be led in partnership with qualified US and Mexican counsel engaged specifically for this closing.

Path to Close: 14 Days

This deal is structured for an immediate close. The Property is already held in an existing Mexican real estate trust, so closing is a beneficial interest assignment and lien grant at the same trustee bank rather than a new trust formation. Counsel on both sides is engaged and ready.

Day	Milestone
Day 0	LOI signed, NDA in place, lender KYC and AML initiated
Day 1-3	Data room delivered, definitive loan agreement and security documents circulated for lender review
Day 3-6	Lender diligence, title confirmation, Mexican trustee bank coordination, lien grant documents finalized
Day 6-9	Documents signed in escrow, Mexican notary appointment scheduled, closing protocol set
Day 9-12	Notarial closing in Mexico: fideicomisario beneficial interest assignment and first-priority lien grant against the existing Fideicomiso
Day 12-14	Loan funded, acquisition close, lien perfected in the public registry
Day 14	**Target closing complete**

What Makes 14 Days Executable

- **Sponsor-side diligence is complete.** Deep due diligence on the Property has been conducted with the current owner. Title, trust structure, permits, zoning, physical condition, and prior capital deployment are verified. No open property-side issues.

- **No new Fideicomiso formation.** The Property is already held in a Mexican real estate trust. Closing is a beneficial interest assignment at the existing trustee bank, which is days, not weeks.
- **No SRE permitting delay.** New foreign-owned fideicomiso permits from the Secretaría de Relaciones Exteriores take 3-4 weeks. Assigning an existing trust does not require a new SRE permit.
- **Counsel engaged.** US counsel (loan agreement, NY law) and Mexican counsel (fideicomiso, lien, notarial closing) are engaged and prepared to draft definitive documents in parallel within the first 72 hours of LOI.
- **Data room populated.** Title, permits, property overview, trust documentation, and sponsor materials can be delivered to the lender on day 0.
- **Relationship lender preferred.** A lender with existing capability to underwrite cross-border Mexican secured bridges and authority to commit without a multi-week credit committee process is required for this timeline.

Diligence Materials (Available Under NDA)

Upon NDA execution, the following materials are available for lender review:

- **Full draft term sheet and loan agreement outline** (prepared for attorney review on both sides)
- **Comparable sales research and valuation memo** (filtered comp set, $11.9M twin-anchor validation)
- **Property overview package** (photographs, site plans, amenity inventory)
- **Title and fideicomiso documentation**
- **Permits and regulatory status summary**
- **Sponsor overview and team bios**
- **Use of proceeds detail and project budget**
- **Projected operating plan for post-acquisition period**

A formal Mexican appraisal ("avalúo comercial") can be commissioned and delivered during diligence at sponsor cost.
