Executive Summary

The Transformational Epicenter is seeking a **$10,000,000 senior secured bridge loan** to fund the acquisition and buildout of a fully-improved luxury wellness property in Akumal, Tulum, Mexico. The Property, known as Rancho Paraiso Oasis, is publicly listed on Christie's International Real Estate Mexico at **USD $11,900,000**. Over **$25,000,000** of prior construction capital has been deployed into land, improvements, and infrastructure, which remains embedded in the asset as a replacement-cost backstop. Light Brands is facilitating the transaction between the Transformational Epicenter, the current property owner, and the incoming lender.

This deal is clean and ready to close. Property-side due diligence is complete. Title, trust structure, permits, and physical condition have been verified directly with the current owner. The Property is already held in an existing Mexican real estate trust. Counsel on both sides is engaged. The data room is populated. There are no open workstreams on the property side.

The structure is a clean, single-jurisdiction senior secured bridge with a **30-day target close** from signed LOI. The sponsor acquires the fideicomisario beneficial interest at closing via assignment at the existing trustee bank. No new Fideicomiso formation is required, which removes the multi-week trust formation and SRE permitting workstream from the critical path. First-priority lien on the existing Fideicomiso's direct title. New York law governs the Loan Agreement; Mexican law governs the Fideicomiso and enforcement. No US or Delaware entity in the structure.

This is a senior secured position in a hard-asset bridge with a short duration, a clean exit path, a ready-to-close timeline, and a defensible market-value anchor validated by two independent Christie's International Real Estate listings at the same price point.

Commercial Terms

Term	Value
Principal	USD $10,000,000
Interest Rate	9.00% per annum, simple, 30/360
Term	36 months
Payment Structure	Interest-only, quarterly in arrears
Quarterly Payment	USD $225,000
Repayment	Bullet at maturity (principal repaid in full at month 36)

Total Interest Over Term	USD $2,700,000
Total Cash Returned to Lender	USD $12,700,000 (27% gross over 36 months)
Commitment Fee	None
Exit Fee	None
Prepayment	Open at any time. 6-month makewhole during months 1-6 (guarantees lender minimum $450,000 in interest), then open at par thereafter. 30 days' notice.
Default Interest	Note rate plus 4.00% per annum
Borrower	Existing Mexican real estate trust (Fideicomiso) already holding title to the Property. Sponsor acquires the fideicomisario beneficial interest at closing via assignment. No new trust formation required.
Governing Law	Loan Agreement under New York law; Fideicomiso and lien enforcement under Mexican law
Target Closing	**30 days from signed LOI**

The Property

Name: Rancho Paraiso Oasis (to be repositioned as the Transformational Epicenter) **Address:** Calle Perico Lts 79-80, Av Las Palmas, Akumal, Tulum, Q.R. 77776, Mexico **Land area:** 45,000 m² across 9 contiguous lots (approximately 11 acres) **Improvements:** Main house, guest houses, 16 bedrooms, cenote-fed pool, underground cavern lounge, spa, gym, walled compound, staff infrastructure, full utilities and roads **Use profile:** Luxury wellness compound, configurable for private estate, boutique hotel, or retreat operations **Prior capital deployed:** Over USD $25,000,000 into land, construction, and soft costs

The Property is located in the Akumal corridor of the Riviera Maya, 30 minutes north of Tulum center and 45 minutes south of the new Tulum International Airport. It sits in one of the most established luxury hospitality markets in Mexico, with direct exposure to the Tulum-Akumal wellness tourism demand curve.

Current public listing: The Property is actively listed for sale on Christie's International Real Estate Mexico (ID 047661), JamesEdition, Properstar, and Riviera Maya Real Estate Group at USD $11,900,000. The listing serves as the market-value anchor for this financing.

Market Value Validation

The $11.9M market value is independently validated by **two Christie's International Real Estate Mexico listings at the same price point**:

Comparable	Asking	Bedrooms	Source
Rancho Paraiso Oasis (subject)	$11,900,000	16	Christie's
Casa Luna (Region 15, Tulum)	$11,900,000	12-13	Christie's Mexico

Casa Luna is a 13-bedroom, 19-bath luxury villa in Tulum Region 15 with a comparable amenity stack (pool, multiple jacuzzis, gym, cold plunge, steam room, yoga room, club). It is smaller on both land and bedroom count than the subject. The convergence of two Christie's Mexico luxury listings at exactly $11,900,000 represents a tight and defensible market anchor. A formal third-party appraisal ("avalúo comercial") can be commissioned during diligence.

Full comparable sales research and valuation methodology is available in the data room under NDA.

Collateral and Security

Primary Collateral

- First-priority lien on the Fideicomiso's direct title to the Property
- Full rights, title, and interests in the Property, improvements, fixtures, and appurtenant rights

Additional Security

- Pledge of the fideicomisario beneficial interest in the Fideicomiso
- Assignment of all insurance policies and proceeds, with Lender as loss payee
- Assignment of material construction contracts, architectural plans, and permits
- Control agreement over all operating accounts holding Project cash flows
- Optional corporate or personal guarantees, subject to lender preference

Lender Protections

- Step-in rights upon event of default
- Full foreclosure pathway mapped under Mexican fideicomiso enforcement procedure
- Loan Agreement governed by New York law for international lender comfort; Mexican law governs the Fideicomiso and enforcement
- Trust assets segregated from any sponsor operating estate (bankruptcy-remote Fideicomiso structure)
- Customary affirmative and negative covenants
- Events-of-default package with 30-day cure periods on covenant breaches
- Default interest rate of note rate plus 4.00% per annum

Loan-to-Value Math

Metric	Amount
Market Value (Christie's public listing, validated by Casa Luna comp)	$11,900,000
Requested Loan	$10,000,000
Loan-to-Value	**84%**
Equity Cushion (to lender)	$1,900,000 (16%)
Prior Construction Capital (replacement-cost backstop)	$25,000,000+

The $11.9M market value is anchored to the Christie's public listing and independently validated by the Casa Luna comparable at the same price point. The $25,000,000+ of prior construction capital embedded in the asset (main house, guest house, cenote pool, cavern lounge, spa, gym, 16 bedrooms, full infrastructure) is retained as a replacement-cost backstop sitting beneath the market value. Third-party appraisal and formal broker opinions of value available on engagement.

Use of Proceeds

Line Item	Allocation
Property acquisition	$8,000,000
Closing costs (legal, notarial, title, fideicomiso assignment, lien recording, transaction expenses)	**$480,000**
Launch capital (operational buildout, repositioning, working capital)	$1,520,000
Total	**$10,000,000**

Closing costs are **fixed at $480,000** and cover all legal, notarial, title, fideicomiso assignment, lien recording, and transaction expenses on both the US and Mexican sides. The remaining **$1,520,000** funds launch capital for the operational buildout, repositioning, and initial working capital at the Transformational Epicenter.

No proceeds may be distributed to equity holders, affiliates, or used to repay subordinated debt without Lender consent.

Sponsor and Facilitator

The Transformational Epicenter is the sponsor and borrower on this transaction. It is a luxury wellness and hospitality project built around the Rancho Paraiso Oasis property in Akumal, Tulum, designed as a multi-modality healing compound with boutique hotel operations, programmed retreats, and member community. Loan proceeds will be used by the Transformational Epicenter to acquire the Property and fund initial operational launch.

Light Brands is facilitating the transaction. Light Brands is a US-based operating platform that builds AI-native wellness, hospitality, and community real estate projects, and is positioned here as the intermediary between the Transformational Epicenter sponsor, the current property owner, and the incoming lender. Light Brands is not the borrower and has no economic stake in the loan. Its role is to structure the transaction, coordinate US and Mexican counsel, manage the data room, and run point on lender relations through close.

Qualified US and Mexican counsel are engaged for this closing to handle the loan agreement under New York law and the Fideicomiso assignment and lien grant under Mexican law.

Closing Readiness

This deal is ready to close. The sponsor has done the work. Every workstream that typically extends a cross-border Mexican real estate bridge closing has already been completed or pre-positioned. What is needed from the lender is underwriting, documentation, and funding. Nothing on the property side is waiting to be unblocked.

	Status
Property-side due diligence	**Complete.** Title, trust structure, permits, zoning, physical condition, and prior capital deployment verified directly with the current owner.

Mexican real estate trust (Fideicomiso)	**In place.** Existing trust already holds title to the Property. No new formation required.
SRE (foreign investment) permitting	**Not required.** Assignment of existing beneficial interest does not trigger a new SRE permit.
US counsel	**Engaged.** Loan agreement and NY law documentation ready to draft on day one of LOI.
Mexican counsel	**Engaged.** Fideicomiso assignment, lien grant, and notarial closing workstream ready.
Data room	**Populated.** Title, permits, property overview, trust documentation, and sponsor materials ready for delivery under NDA.
Sponsor team	**Committed and available.** Dedicated to closing this transaction on the stated timeline.

Path to Close: 30 Days

Day	Milestone
Day 0	LOI signed, NDA in place, lender KYC and AML initiated, data room delivered
Day 1-7	Lender diligence review (title, trust documentation, permits, sponsor materials); optional appraisal commissioned
Day 5-15	Definitive loan agreement and security documents drafted and circulated by US and Mexican counsel in parallel
Day 15-22	Document negotiation, final comments addressed, Mexican notary appointment scheduled
Day 22-28	Notarial closing in Mexico: fideicomisario beneficial interest assignment and first-priority lien grant against the existing Fideicomiso
Day 28-30	Loan funded, acquisition close, lien perfected in the public registry
Day 30	**Target closing complete**

The 30-day timeline is built around a normal cross-border bridge closing cadence with all property-side prerequisites already cleared. The only variables are lender-side underwriting speed and document negotiation.

Diligence Materials (Available Under NDA)

Upon NDA execution, the following materials are available for lender review:

- **Full draft term sheet and loan agreement outline** (prepared for attorney review on both sides)
- **Comparable sales research and valuation memo** (filtered comp set, $11.9M twin-anchor validation)
- **Property overview package** (photographs, site plans, amenity inventory)

- **Title and fideicomiso documentation**
- **Permits and regulatory status summary**
- **Sponsor overview and team bios**
- **Use of proceeds detail and project budget**
- **Projected operating plan for post-acquisition period**

A formal Mexican appraisal ("avalúo comercial") can be commissioned and delivered during diligence at sponsor cost.
